|  | Concrete | Pictorial | Abstract |
| EYFS <br> Addition | Counting and adding more Children add one more person or object to a group to find one more. | Counting and adding more Children add one more cube or counter to a group to represent one more. <br> One more than 4 is 5 . | Counting and adding more <br> Use a number line to understand how to link counting on with finding one more. <br> One more than 6 is 7. <br> 7 is one more than 6. <br> Learn to link counting on with adding more than one. $5+3=8$ |
|  | Understanding part-part-whole relationship <br> Sort people and objects into parts and understand the relationship with the whole. <br> The parts are 2 and 4 . The whole is 6 . | Understanding part-part-whole relationship <br> Children draw to represent the parts and understand the relationship with the whole. <br> The parts are 1 and 5. The whole is 6 . | Understanding part-part-whole relationship <br> Use a part-whole model to represent the numbers. $\begin{aligned} & 6+4=10 \\ & 6+4=10 \end{aligned}$ |

| Knowing and finding number bonds within 10 <br> Break apart a group and put back together to find and form number bonds. $3+4=7$ $6=2+4$ | Knowing and finding number bonds within 10 <br> Use five and ten frames to represent key number bonds. $5=4+1$ $10=7+3$ | Knowing and finding number bonds within 10 <br> Use a part-whole model alongside other representations to find number bonds. Make sure to include examples where one of the parts is zero. $\begin{aligned} & 4+0=4 \\ & 3+1=4 \end{aligned}$ |
| :---: | :---: | :---: |
| Adding by counting on Children use knowledge of counting to 20 to find a total by counting on using people or objects. | Adding by counting on Children use counters to support and represent their counting on strategy. |  |

| EYFS |
| :--- | :--- | :--- | :--- |
| Subtraction | | Counting back and taking away |
| :--- |
| Children arrange objects and remove to find |
| how many are left. | | Counting back and taking away |
| :--- |
| Children draw and cross out or use |
| counters to represent objects from a |
| problem. |

|  | Subtraction within 10 <br> Understand when and how to subtract 1s efficiently. <br> Use a bead string to subtract 1s efficiently. <br> 50-000- $5-3=2$ | Subtraction within 10 Understand when and how to subtract is efficiently. $5-3=2$ | Subtraction within 10 Understand how to use knowledge of bonds within 10 to subtract efficiently. $5-3=2$ |
| :---: | :---: | :---: | :---: |
| EYFS <br> Division Double and halving | Grouping <br> Learn to make equal groups from a whole and find how many equal groups of a certain size can be made. <br> Sort a whole set people and objects into equal groups. <br> There are 10 children altogether. <br> There are 2 in each group. <br> There are 5 groups. | Grouping <br> Represent a whole and work out how many equal groups. <br> There are 10 in total. <br> There are 5 in each group. <br> There are 2 groups. |  |
|  | Sharing <br> Share a set of objects into equal parts and work out how many are in each part. |  |  |
