## Year 2 Great Fire of London Day

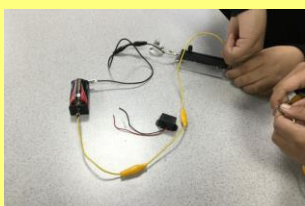

Year 2 had their introduction to the first History unit of this year, The Great Fire of London. We stepped back to 1666 and made our way round the old city of London. We visited Thomas Farriner's bakery, obtained water from the River Thames to try and extinguish the fire and investigated the ruins of different establishments such as Chandeliers, an Orphanage and a Pottery. We even had a go as busy workers in London making candles, weaving and making clay jewelry. We had a fantastic day and cannot wait to extend our learning further in this topic!

Class 8 have been writing reports after the destruction of last week.

In Science, Class 13 (Year 6) have been learning about Electricity and how to make electrical circuits ready to create their own electrical Christmas decoration.
